

MGV Meeting- August 2018

Old Business:

Bruce Vesperman made and painted a cut out sign for kids pictures for the MCVs to display at the fair. He will be reimbursed for that. Melody B. had more suggestions for theme plants for the fair display.

A font was chosen for the MGV Project Signs and Corey W. will have a sample made.

New Business:

Grants are available to our group this year from WIMGA. Terry will write the \$400 grant for our conference in the spring. Grants will also be applied for to help with Mining Museum project and garden obelisks at Katies Garden in the amounts of \$250 and \$100.

Reimbursement for attending the State Master gardener Conference was approved in the amount of a maximum of \$300 with a personal limit of \$75 each.

Terry will send out email about another t-shirt order.

Addendum: The font chosen for the signs will not work and Corey is still looking for a new font.
