

## ANOTHER PROJECT AT KATIE'S GARDEN IS THE WISHING TREE!

In celebration of the 15-year anniversary of Katie's Garden a wishing tree element was featured which is an object to record your wishes and offerings. Master Gardener volunteers choose this tree specifically near the water edge and table where one can sit and reflect.

This garden area started out 15 years ago as a shade garden and then changed to a unique fairy garden. Since it was flooded out in 2018, we decided to make this area a restful spot for making wishes.

Come and create your own wish on a tag and place on the tree where we hope your wishes will be found and wishes are endless. Stop in at the chamber office from M-F, 8-5 p.m. Weekends from 10-2 p.m. to pick up a tag to use for recording your wish and then simply attach it to the tree.

Whether your wish is for personal gain, a better life, the safety of a loved one, or improving the world, we all share in the possible hope our wishes might come true. The wishing tree feature will be part of the gardens when safety permits.
