

Letter from President of WIMGA, April 2020.

Hello everyone,

I just want to reassure you that WIMGA will not be holding its face-to-face meeting on April 18. The Board decided to postpone this indefinitely, since no one can predict how long this Covid-19 situation will last. I intended to let you all know about this right after the March board meeting, but I quickly became overwhelmed with daycare and teaching a P-K and 2nd grader!!

As someone with a high-risk family member, I agree with the need to do everything we can to slow down the spread of this virus. I know it is disappointing to have valuable Master Gardener projects put on hold, and not to be able to meet and conduct normal business, and I encourage you to look for opportunities to do community service and education in new ways.

Creating news articles, online articles and videos, and newsletters are some ways we can continue to provide 4-H members, community members and students with garden education during this time.

Thank you and stay well!
