

Few Photos from Karin's Yard

Do not remember when I planted these two.

Front View of a New Berm

This area used to have a small house that we tore down in 2012 that I claimed as a new berm area.

Back side of berm

The border of Kale, Marigolds, and Alyssum will provide color through the fall and fragrance from the Alyssum.

My vision
was to
have this
amaranth
plant
drape over
the gate,
but it grew
too tall!

Ahh, Spring is here

Shade Area with Hostas

Along the front of the house

Russian Sage and showing a couple of the Knock Out Roses that had to replace because of winter damage of 2013-2014.

Guess what color I like!

Hard to say good-bye to the lilies after
each display is over.

If winter happens to repeat like last year, I will have lots of time to think about what to plant in this area for 2015! Keep sending the seed catalogs!!

Septic Install
